Kim Reynolds Governor Adam Gregg Lt. Governor

December 15, 2017

To: The Honorable Kim Reynolds,

Governor

Members of the Iowa General

Assembly

From: Micki Sandquist, Chairman

Iowa Tobacco Use Prevention and Control Commission

Re: 2017 Annual Report of the Iowa Tobacco Use Prevention and Control Commission

Pursuant to Iowa Code section 142A.4, I am pleased to submit to you this annual report of the Iowa Tobacco Use Prevention and Control Commission for 2017. The Commission and our community partners take seriously the challenge of reducing the negative impacts of tobacco use among Iowans. We appreciate the support you and other leaders have shown to the accomplishment of the important tobacco reduction goals of our commission.

The intent of the legislative charge for Iowa's tobacco use prevention and control initiatives, as outlined in Iowa Code chapter 142A, are summarized below:

- 1) To establish partnerships among the Executive Branch, General Assembly, communities and the people of Iowa in addressing the prevalence of tobacco use in the state,
- 2) To work toward reduction in tobacco use by youth and pregnant women, while also engaging youth actively in attainment of these results, and
- 3) To foster a social and legal climate in which tobacco use becomes undesirable and unacceptable.

Tobacco use is the leading cause of preventable death in Iowa and the United States. Consider the following statistics, for example:

- o Nationally, more than 480,000 people die each year from their own cigarette smoking or exposure to SHS
- o 5,100 Iowa adults who die each year from their own smoking
- o 2,600 Iowa youth become daily smokers each year
- o 14.7% of 11th grade students use tobacco

Kim Reynolds Governor Adam Gregg Lt. Governor

Over the course of 2017, the Tobacco Use Prevention and Control Commission, along with Tobacco Division within IDPH, have

- o Local tobacco control work taking place in all 99 counties
- 306 school districts in the state have adopted a voluntary tobacco and nicotine free policy, as of July 2017.
- 430 tobacco free parks covered by a tobacco and nicotine free policy throughout the state, as of July 2017.
- Over 1,000 rental properties in Iowa have a voluntary smoke free policy

Challenges to reducing tobacco use among Iowans remain, including

- o Limited/elimination of tobacco prevention surveys and evaluations.
- o Educating policy makers of the work of community partnerships.
- Reduction of funding.

In 2017, the Tobacco Use Prevention and Control Commission recommend state policymakers focus on the following priorities:

- Obtain adequate funding and staff to implement strategies stated in the 2014-2018 Strategic
 Plan
- o Create a process/system to collect data on tobacco control efforts.
- Create consistency in policy, practice, education and messaging to all policymakers and stakeholders.

Finally, I am attaching to this report the following information to provide more information and insight into the detail of our work:

- The fiscal year 2017 Community Partnership Tobacco Control Program Objectives
- Database with the number of policies that are in each county, this will be updated monthly and can be found at http://idph.iowa.gov/tupac
- O Database with the number of callers to Quitline Iowa by county, this will be updated monthly and can be found at http://idph.iowa.gov/tupac

I know that the Commission looks forward to supporting your policy and budgetary work during the upcoming session. Please contact me if I can be of any assistance.

Kim Reynolds Governor Adam Gregg Lt. Governor

Appendix III

FY17 Community Partnership Tobacco Control Program Objective

Compass Pointe – MR 1

Kim Reynolds Governor Adam Gregg Lt. Governor

All 36 Community Partnerships (CPs) have two components of their tobacco control program:

<u>Minimum Requirements (MR)</u> that all CPs are required to address in their service area and <u>Action Plan</u> (CP chooses what systems/policy change tobacco programming in their service area).

- MR 1 Goal 1: Choice between Tobacco Free and Nicotine Free (TF/NF) policy change programming for either: parks, K-12 schools, preschools/daycare centers, or colleges/universities/community colleges/trade schools.
- MR 2 Goal 2: Choice between TF/NF wellness worksite policies or community events policies.
- MR 3 Goal 3: Clinics/health practitioners that adopt the Ask, Advise & Refer fax referral system.
